

## **CORPORATE HYPNOTHERAPY**

The Vitality Clinic has designed a corporate QUIT SMOKING SYSTEM PACKAGE to help companies & small businesses to successfully eliminate smoking from the workplace.

We designed this quit smoking package because we know smoking is bad for both mental and physical health, it decreases productivity and increases smoking related sick days.

Studies have shown that a smoker spends about 115 hours per year on unauthorised cigarette breaks.

- (A) Smokers have 29% increased risk of industrial injury
- (B) Smokers have 34% increased rate of non-attendance at workplace
- (C) Smokers have 40% increased risk of occupational injury
- (D) Smokers have higher level of stress and anxiety
- (E) Smokers have approximately 34% increased rate of absence

The Vitality Clinic in Perth and Rockingham offers a Corporate Quit Smoking Cigarettes package for businesses to develop positive changes for employers and employees (workers) by eliminating smoking from workplaces.

These corporate hypnotherapy packages designed by the Vitality Clinic will produce exactly the kind of employees and work place that you desire – happy, healthy, motivated and productive staff and environment.
